

To build community within our classroom, and to add a little sparkle to the Christmas season, we'll have...

## 6<sup>th</sup> Grade Secret Friends (Secret Santas)

Here are the guidelines:

\***Sneak** a little something to your **secret** friend about once a week (not more than twice) from now until Christmas break. There are a total of four weeks, so you should plan on giving at least four small surprises.

\*Keep it simple – please spend less than \$1.00 per surprise. Candy, pencils, a Slim Jim, a can of pop, etc. work just fine. (If cost is a problem, see Mrs. Van.)

\*Be clever and creative – be sure to disguise your handwriting! 😊 **Hide** your treats in different places!

\*Use **self-control!** Keep your secret and everyone else's too! That will make it more fun when the secret friends are revealed!

\*For our class Christmas party on Dec. 21, please bring a final gift for your secret friend. Keep the cost under \$5.00. Put your secret friend's name on the outside of the package; reveal your name on the inside! (You may put your gift under our tree at any time.)

“A friend loves at all times.” Proverbs 17:17

Please note: We'll have classroom committees to help out with all of the Christmas time details! Some committees, especially the party planners, may require some parental assistance. More details soon!

Merry Christmas!
